RELEVANT INFORMATION

Interconexión Eléctrica S.A. E.S.P. (ISA) informs that, effective February 28, 2026, Alejandro Jorge Bennewitz Martínez, Director of Engineering and Projects of the Roads Concessions Vice Presidency, concludes his mobility period and, therefore, his expatriate assignment. The responsibilities associated with this position will be carried out from ISA Vías in Chile.

Accordingly, as of March 1, Alejandro will continue as Corporate Director of Projects for the Roads Concessions Business, based at ISA Vías in Chile, where he will be responsible for the structuring and management of projects for this business unit.

We thank Alejandro for his valuable contributions and are confident that, from Chile, he will continue to support progress toward the challenges set out in the ISA2040 Strategy.
