ISA Energia Brasil S.A. Shareholding Unwinding in IE Madeira and IE Garanhuns

On July 31, 2026, ISA Energia Brasil S.A. ("ISA Energia Brasil"), a subsidiary of Interconexión Eléctrica S.A. E.S.P. (ISA), successfully completed the transaction announced in March with Centrais Elétricas Brasileiras S.A. ("Axia Energia") and Axia Energia Nordeste S.A. ("Axia Nordeste") to unwind their cross-shareholdings in Interligação Elétrica do Madeira S.A. ("IE Madeira") and Interligação Elétrica Garanhuns S.A. ("IE Garanhuns"), as follows:

- ISA Energia Brasil acquired the entire shareholding interest held by Axia Energia and Axia Nordeste in IE Madeira, representing 49% of that company.
- ISA Energia Brasil sold its entire shareholding interest in IE Garanhuns, representing 51% of that company, to Axia Nordeste.

As part of the transaction, and as previously disclosed to the market, ISA Energia Brasil paid Axia Energia and Axia Nordeste a total amount of BRL 1.167 billion in cash, following the price adjustments established in the purchase agreement.

As a result of this transaction, ISA Energia Brasil became the sole owner of IE Madeira.

The transaction reinforces ISA and its subsidiaries' commitment to creating sustainable value through the strategic and efficient management of their concessions portfolio.
