## **RELEVANT INFORMATION**

### **Ernesto Pardo Becerra Appointed Acting General Manager of InterNexa**

### **Juan Sebastián Sánchez Giraldo will assume the role of Acting Vice President of Information Technology.**

Interconexión Eléctrica S.A. E.S.P. (ISA) announces that Ernesto Pardo Becerra, who has been serving as Vice President of Information Technology, will assume the position of Acting General Manager of InterNexa starting July 2, 2026.

Ernesto brings more than 25 years of experience in the Information Technology sector, including nearly 10 years within ISA and its affiliated companies. During this period, he has held leadership positions such as General Manager of Inteia and, at InterNexa, Business Manager for Colombia and Manager of New Markets. In these roles, he drove the company's growth and profitability in Colombia while supporting its regional expansion across Latin America. Prior to joining ISA, he worked at Telefónica, Azteca Comunicaciones, and Unisys, where he led commercial, operational, and digital transformation strategies.

As a result, Juan Sebastián Sánchez Giraldo will assume the position of Acting Vice President of Information Technology. He has four years of experience at ISA and currently serves as Digital Planning and IT Coordinator, responsible for aligning the technology strategy with corporate objectives and advancing digital transformation, artificial intelligence, and the evolution of the regional IT operating model. Previously, he worked as Digital Transformation and IT Projects Manager at Postobón and as Head of Corporate Projects for the Technology and Infrastructure Vice Presidency at Teleperformance Latin America. He has more than 15 years of experience in technology, business transformation, and strategic program management. He holds a degree in Systems Engineering, a Master's degree in Integrated Project Management, and international executive education in digital strategy, business transformation, emerging technologies, and artificial intelligence.

We wish Ernesto and Juan Sebastián continued success in this new stage of their careers, confident that their leadership, experience, and commitment will continue contributing to the growth of ISA and its companies.
